ASTRO'S POROUS PEBBLE PAVING

- **ASTRO'S POROUS PEBBLE PAVING** is a resin bond permeable paving product that is ideal both for internal and external applications.
- It is environmentally friendly, smooth, easy to maintain and hardwearing.
- **ALLOWS WATER TO DRAIN THROUGH TO SUB-SURFACE.**
- It is a good alternative to traditional hard surfaces used in carparks, footpaths, driveways, etc.
- It can be installed over existing driveways and pathways without any demolition work.
- Ideal for pool surrounds and aquatic centres. Slip-resistant due to its textured surface that allows water to run through preventing puddles forming.
- Also suitable for forecourts, courtyards and patios.
- This hand-trowelled wet pour surfacing system can be installed over uneven, undulating or damaged existing concrete or bitumen surfaces.
- Low maintenance – no weeds, puddles or loose stones to sweep up.
- It is smooth and accessible – ideal for pushchair, bicycles, wheelchairs and mobility scooters.
- It is UV stable – there is no colour fading.
